APPLICATION FOR ENROLMENT

General Information

A parent or legal guardian applying to enrol a child in a government school should complete this form. Only permanent residents of Australia and those children holding an approved visa sub class number are eligible to be enrolled in government schools.

Before you submit this application, please contact the school of your choice to find out about the school policies and whether required courses and facilities are available for your child. Please complete one form for each child and attach proof of your usual place of residence to this application form. An example of this would be a utilities account (electricity, water or telephone) showing your name and usual place of residence.

This is an Application for Enrolment only - submitting this form to the school does not mean that the enrolment has been accepted by the school. The principal will firstly need to determine if there is classroom accommodation and whether an appropriate educational program can be provided for your child at the school. In determining whether an appropriate educational program can be provided for your child at the school, the principal will need to fully consider the information provided in Section 3 on the application form.

You will be notified by the school Principal if your application has or has not been accepted at the earliest possible opportunity. In the majority of cases, parents/guardians will be advised within 48 hours. For parents applying to enrol their children in schools for next year, you will be advised of the outcome of your application by early fourth term.

If your application is accepted, you will be required to complete enrolment procedures at the school. Parents/guardians should ensure that their child's birth certificate, immunisation records, school reports, records and samples of work from the previous school, and any Family Court Orders or parenting plans registered with the Family Court, are made available at the time of enrolment.

NB: It is a requirement of the Department of Education that any information on suspensions and exclusions must be provided to the school at the time of applying to enrol a child. This information will help the school to provide your child with the appropriate support, if required. Children currently under suspension from a government school can not be enrolled at another government school until the suspension period is over. Children who have previously been suspended or excluded from a government school may be required to enter into a behaviour agreement with the school if enrolment is accepted.

Transport

If you are applying to attend a school other than your local school, transport will be your responsibility. All enquiries regarding school bus services should be directed either to the school where the "Application for Enrolment" is being submitted or to the Department of Transport.

Appeals

Should you disagree with a school's decision regarding your "Application for Enrolment" you can appeal to the District Education Office in the district in which the school is located. The District Office will then seek to verify whether the process for managing the enrolment decision at the school complied with departmental policies and guidelines. Prior to submitting an appeal, however, it is recommended that you contact the school principal or the Manager District Operations at the district office to discuss your grievance informally. Appeal forms are available from either the school or the district office.

For parents of students with a disability - If you are still in dispute with the decision about placement of your child, you may request an independent review of the decision. You should put your request in writing to the Director-General, through the relevant District Director. A Disabilities Advisory Panel will be convened by the Executive Director, Education Programs to review the placement decision. An opportunity will be provided by the panel for you to present your case. The District Director will be able to provide you with detailed information about the panel.

Confidentiality

All information provided on this form will be treated confidentially. The Department of Education's Information Privacy and Security Policy and Section 242 of the School Education Act 1999 preclude this information from being used for any purpose other than:

- to determine whether your application for enrolment can be accepted;
- to assist the school with addressing any needs for your child if enrolment is accepted; or
- to comply with legal requirements or ministerial directions.

2009 CONTRIBUTIONS AND CHARGES

The Education Act 1999 requires schools to notify parent of all contributions and charges prior to the start of the school year. These costs

are divided into three areas: Charges, Personal Items and School Voluntary Contribution and must be approved by the School Council.

The contributions and charges for 2009 have been set by the School Council and are set out in the table overleaf. If you have difficulty meeting these costs please contact the principal.

Charges

These are costs associated with special programmes, excursions and other optional activities. They are relatively unchanged for 2009 Including the notification and payment method through Term Accounts. An estimated upper limit, which may not be reached in all classes, is shown overleaf. Students can only participate if they have parental permission and have paid the charge.

Personal Items Lists

These were formally known as the Booklist. This list covers items of a personal nature. Parents may purchase these items from their chosen retailer or use the nominated school supplier Wooldridges. It is also important to note that students may need to top-up items over the year.

School Voluntary Contribution

This contribution supplements funding of educational programmes (see schedule over). The quality of our teaching and learning programme will be maximised when this contribution is made for each student, supplementing funding gained from other sources including the State and Commonwealth governments. Each contribution received improves our capacity to fund and enhance basic programmes

THE LEEMING PRIMARY SCHOOL PARENTS & CITIZENS ASSOCIATION (P&C)

In 2009 the P&C will continue to fulfill its functions of representing parent views on issues affecting the educational experience of our children, running the Safety House committee, Lunch Orders and Uniform Shop and supporting school programmes. In support of these activities the P&C will again be requesting a **contribution of \$50 per family** to be spent on items which the parent community believes to be of priority in enhancing our children's lives and opportunities at school.

The P&C has been a major player in providing the facilities which our children currently enjoy including:

- Raising funds of up to **\$300,000** and **building the Music Room, canteen and sound proofing of the undercover area**
- Funding the establishment of the **computer lab** and the **on-going funding of computer leases**.
- The school **Mosaic Arts** project through the funding of materials and gaining Council funding;
- Establishing **gardens and landscaping** including the funding of the main entrance pathway and garden edging;
- Installing **air conditioning throughout the classrooms**;
- Funding for **digital cameras** and associated computer hardware;
- Support of the music program through purchase **band instruments** for student tuition.
- Funding of a new **sound system** in the undercover area.
- Funding of **security fencing** to the west boundary of the school.
- Financial support of **Year 7 Graduation**.
- Provision of **soap and hygiene** items in student toilets.
- **School lunch service** on Mondays.

Our next major project is in the making. With some 240 families we have an opportunity to make the facilities for our children the best in the state. This means that in partnership with the school staff we can provide our children with the best educational opportunities available.
